## United States Post Office

Beginning Monday, Oct. 10, letter carriers throughout the Agawam area will deliver two cards to every residence. Postmaster Robert B. DeForge reported.

Each card will have spaces for addresses the household wishes ZIPPED.

After placing their un-coded addresses on the cards, preferably printed legibly, they may be dropped into any letter box or returned to their letter carrier. The Agawam Post Office will add the appropriate ZIP Codes and return the cards to the mailer. No postage is needed, Mr. DeForge said.

The project is part of Postmaster General Lawrence F. O'Brien's program to make ZIP Codes more accessible to the mailing public.

In addition to the cards for addresses, a special notice advising each resident of his local ZIP Code number will be delivered.

In completing the cards, only the street address and city and state are required. Individual names should not be listed.

Postmaster DeForge emphasized the importance of including a return address on the front of the

cards so they may be returned after addresses have been coded.

Additional cards are available from your letter carrier or postal delivery station.

## Named Fontana's Local Co-Ordinator

Chairman of the Agawam Republican Town Committee, Harold Walker, today announced that Rita G. Moore will serve as Agawam Co-ordinator for Raymond J. Fontana, candidate for Governor's Council for the 8th District, which includes Western Massachusetts.

Upon accepting this chairmanship, Mrs. Moore said, "I feel that Raymond J. Fontana is the only qualified candidate running for this office. Having graduated from Dartmouth College and Northeastern University School of Law in Boston, he is a practicing attorney and a successful businessman, with his own insurance agency in Springfield, Mr. Fontana has proven his dedicated interest in the people of this area, with an outstanding record in social and civic organizations, his military service during World War II with the U.S. Navy and again during the Korean War. He is now serving as a Lieutenant in the U.S. Naval Reserve and is Military-Aide-de-Camp to Governor John A. Volpe.

"In my opinion," continued Mrs. Moore, "the voters of the 8th District in Western Massachusetts would definitely be best served with Raymond J. Fontana as their choice on November 8th, for the office of Governor's Council."

"All car insurance costs the same!"

"Don't you believe it!"

It is possible for Massachusetts drivers to save money on non-compulsory auto insurance thru dividend-paying policies from American Motorists Insurance Company\*.

Currently (on policies terminating on January 1, 1967) policyholder dividends are 12½% on both noncompulsory liability insurance and on physical damage insurance.

In addition, through the Kemper Insurance Plan, you can budget your insurance premiums, spreading the cost over eight payments.

For full details about the money you may save with American Motorists and about our budget plan, write or phone:

## ZIP Code Week October 10-15

Postmaster Robert R. DeForge announced today that October 10-15 has been designated as ZIP Code Week for Agawam.

The project will dramatize the need for greater public cooperation in and acceptance of ZIP Code, thus giving the Post Office Department the help it needs to cope with today's record mail volume.

"We hope to get our ZIP Code message across to every facet of our community life," Postmaster DeForge said. "This means the home, the schools, the churches and the business and social activity of the community."

"I cannot over emphasize the importance of using ZIP Code in our town Postmaster DeForge said. "It will mean better, more

efficient mail service for everyone. During our planned week, we hope to make our mailers more aware of this and give them a better understanding of how ZIP Code can help them in speeding their mail."

"I hope all the citizens of Agawam will join me in showing the rest of the country that our community can do a good job," he commented.

SPORTSMEN'S  
CORNER

By Bill Chiba

The New Hampshire Fish and Game Department is already receiving numerous requests for the special archery license which permits the hunting of deer during the pre-season which runs from Oct. 10 through Nov. 9 in Bear Brook State Park and from Oct. 21 through Nov. 9 in the rest of the state.

To facilitate prompt handling of these requests, applicants are asked to include the following information: name, address; description—color of hair and eyes, height, age, date of birth; number of regular hunting license.

Non-residents who have a valid New Hampshire hunting license may purchase the special archery license for \$4.00. Nonresidents who do not wish to buy the regular hunting license for \$25.25 may obtain the archery license for \$10.00, which permits them to hunt only during the pre-season periods. Hunters with the regular hunting license may use a bow and arrow during the firearms season—Nov. 10 through Dec. 4—without purchasing an archery license.

Commissioner, Jack Kamman, says that inclusion of all the necessary information and the correct amount of money will make rapid servicing of mail requests possible. Individuals who call at the Fish and Game Department (34 Bridge St., Concord) for their license should bring their regular hunting license with them.

Vermont the 8th

The Vermont bowhunting season will open Saturday, Oct. 8 for 16 days. One reminder, no pistol is allowed while hunting deer with the bow and arrow during the pre-season.

Leon Glidden from Agawam and this writer spent last weekend at the Moe Eaton's farm in West Fairlee, Vt. Leon counted 45 deer in the pastures adjacent to the

farm buildings Saturday afternoon. This abundance of deer is spread state-wide this year. One doe we spied while driving to the farm Friday night was guarding triplets. The last four winters have been very mild and the deer winter kill has been correspondingly light.

We made our annual survey looking for the hot spots...diagnosing the habits of the deer on their daily romps from feeding the fields, through the acorn and other nut groves, to the top most open glades where they lie down during the heat of the day. Looks very promising for a successful bow hunting escapade.

New Archery Film

Jim Piersall, outfielder with the California Angels, is the star in a new movie being readied by the American Archery Council. Dick Wilson of Shakespeare also plays a leading role in the film; he is the instructor who teaches the entire Piersall family how to handle a bow. The Council plans to obtain TV exposure with the film, as well as use it for school, recreational and training purposes.

Canned Fishing Line?

Long aware that harmful sunlight and oxidation can sap the strength and vitality of monofilament, Cortland announces a revolutionary new tin vacuum-pack for its 7 STAR monofilament line. The new pack seals out sunlight and other deteriorating factors, assuring that 7-star's uniform smoothness, manageable limpness and unparalleled knot strength will be yours, factory-fresh when you are ready to use, at the turn of a key.

When the key is turned, the can goes "P-F-I-S-S-H"—a very promising sound indeed. It means you now have two 150 yard connected spools of the world's finest and freshest monofilament—Cortland 7-STAR.

Model Flying  
Contest At YMCA

A model flying exhibition and contest will be held at the Agawam Community YMCA, 108 Perry Lane on Sunday, Oct. 16th beginning at 2 p.m.

Contests will be held in the following categories: Best built plane from a kit; Best built plane of original design; Best modified kit. All planes in the construction class must be flown a minimum of three laps on at least 25 foot lines.

Flying contests will be held in the following categories: Smoothest flight (minimum 10 laps); longest flight; best overall stunt performance; most consecutive loops. Exhibitors will also be attempting inverted flight and combat flying.

The YMCA is sponsoring a model airplane club as a result of interest shown this summer. The group meets Tuesday afternoons at the YMCA at 3:30 p.m. Any boys from 5th grade through high school who are interested are invited to attend the meetings.

Boys are first taught how to fly and are given help in constructing model planes and model gas engines. The club has sponsored a hobby shop and members may buy model kits, motors and

supplies at a discount. Boys need not own an airplane to join the group as the club has several training planes for teaching purposes.

Any boy interested in the club is invited to attend the meeting on Tuesday or may call the YMCA office, 108 Perry Lane, for further information.

## PROMENADERS

### SQUARE DANCE

By June and Elmer Roosa

"RED" McCAIN  
HERE THE 14th

This being a season for what is "IN" and what is fresh and new, we thought we'd bring a new note to the Promenaders' dances. We have booked a full season of guest callers and sincerely hope that lots of our friends who have drifted afar from dancing regularly will come back and dance again to some of the very good callers we will be welcoming during 1966-67.

Coming to us next Friday, the 14th of Oct., at the Robinson Park School on Begley St., our usual dancing address, will be the 3rd in our list of guest callers, Granby's own RED McCAIN.

Red is a fine caller, with a background of professional musicianship of many years standing to his credit. He formerly played with several of the "big name bands."

So — come on up and come on in — receive our heartiest welcome and join us "squaring up" for a really good "go" when Red McCain calls for us. Remember — Friday the 14th at 8 p.m.!!!
